GRAND MED VIENNA, A NEW SERVICE BY GRAND HOTEL WIEN

Dear guests,

Grand Hotel Wien, always trying to offer the maximum for our guests' convenience, started a new service called "GRAND MED VIENNA". Behind this brand stands a network of the best doctors in Vienna, encompassing all the key health sectors, who can be directly consulted as needed.

Guests can therefore enjoy the medical services offered by top specialists combined with the comfort and luxury of the Grand Hotel Wien. Whether you are seeking clarification about a particular health issue, looking for a specialist working in a particular field, want a health check-up, or wish to undergo a cosmetic surgery procedure, we offer you a platform comprising the most prestigious doctors in Vienna, plus accommodation at Vienna's most legendary luxury hotel in the heart of the city.

Sincerely,
Horst Mayer
General Manager
Grand Hotel Wien

PHILOSOPHY

Health is our most important asset. The Austrian capital is blessed with exceptional medical facilities and some of the finest doctors in the world. And we'd like to offer our guests the chance to benefit from this, too.

GRAND MED VIENNA is an easy-to-navigate platform consisting of excellent medical practitioners working in a range of specialist disciplines. For example, the Grand Hotel Wien has partnered up with the internationally renowned Privatklinik Döbling, one of the most prestigious hospital facilities in Vienna, and Rudolfinerhaus Private Hospital, Vienna's most renowned private hospital. Individual doctors and their clinics have also been accepted as partners in order to give our guests a wider choice of services.

You are sure to find the right specialist with GRAND MED VIENNA! We put you into direct contact with our partners to find out more about which steps to take next and to make an appointment.

To ensure that our guests are well cared for before, during and after their consultation or treatment, we offer the perfect accommodation at the Grand Hotel Wien. We have also compiled a catalogue of services, which might be very useful for you during your stay.

Aside from its stylish and comfortable rooms, this legendary luxury hotel situated in an enviable city centre location also offers a unique variety of first-rate restaurants, a wonderful spa complex and training area and the finest service the city has to offer.

Privatlinik Döbling

Prof. Dr. Christian Kainz, Medical Director

DÖBLING PRIVATE HOSPITAL – VIENNA INTERNATIONAL HEALTH CENTER

Döbling Private Hospital is one of the leading hospitals in Vienna and can be reached from the city center in a few minutes.

Together with the affiliated multifunctional outpatient clinic and the doctors' center the hospital offers a wide range of services on an inpatient and outpatient basis – from preventive care, highly modern diagnostics, complex surgical interventions, post-operative therapy and rehabilitation – all under one roof.

Patients are cared for by their personal attending doctor during the whole treatment process. Our hospital works with affiliated doctors – leading specialists of all medical fields. The close co-operation between these specialists allows us to find the best solution for every individual case.

Our main specializations include:

Women's health – gynecology, childbirth, fertility treatment, breast health

Musculoskeletal system – orthopedics and orthopedic surgery, sports traumatology, physical medicine and rehabilitation

Internal medicine – gastroenterology, cardiology

Oncology – diagnostics, surgery, therapy, second opinion

Surgery – highly modern minimally invasive technologies

Preventive programs – „Check-up“

Do you have an acute health problem? We are here for you 24/7

Döbling Private Hospital is the only private hospital in Vienna offering 24/7 acute care. In case of acute health problems, such as high fever, pain, pregnancy related issues, light injuries; you can come straight to the hospital. A doctor will take care of you – without waiting times. If required he will call in other specialists and organize necessary diagnostics. In case, if inpatient treatment becomes necessary patients can be admitted to the hospital immediately.

RUDOLFINERHAUS PRIVATE HOSPITAL

THE MOST ADVANCED TREATMENT BY TRADITION

Rudolfinerhaus is Vienna's most renowned private hospital and has treated Austrian and international patients for almost 140 years. The tradition of the Vienna School of Medicine, its highly qualified specialists, up-to-date medical facilities and its own academically trained nursing staff make the Rudolfinerhaus Austria's first and most trusted private hospital.

Due to this long-term experience, Rudolfinerhaus not only offers first-class medical and nursing services as well as state-of-the-art technical equipment but the doctors, nurses and administrative staff are also proficient in foreign languages. The portfolio of medical services ranges from preventive health checks to conservative and invasive treatments and includes follow-up care and post-surgical physical rehabilitation. The clinic offers diagnostic facilities such as X-ray, CT, MRT and laboratories on site thus guaranteeing precise and speedy results for its patients.

PRIVATE OUTPATIENT CLINIC

Professional first care, diagnostics and treatment – fast, easy and highly competent

At the Rudolfinerhaus Private Outpatient Department patients with urgent but not life-threatening are examined and treated with competence.

Quick treatment

Aching stomach or back, nausea, dizziness, problems with blood pressure or circulation, injuries of bones or ligaments, the highly qualified team of the Rudolfinerhaus Private Outpatient Department is there for professional first care.

Medical competence

For more specific issues a team of specialist physicians from the areas of internal medicine, cardiology, pulmonology, surgery, traumatology, orthopedics, gynecology or neurology can be called at short notice. Besides electrocardiograms and electroencephalograms, the whole range of diagnostic facilities and services is available at Rudolfinerhaus Private Hospital. This includes all diagnostic imaging such as x-ray, computer tomography or magnetic resonance tomography.

Personalized services

The Rudolfinerhaus Private Outpatient Department offers individually designed check-up programs. Small surgical interventions and gastroscopic or coloscopic procedures are realized in the adjacent surgery rooms.

At Rudolfinerhaus, general practitioners, anesthesiologists and intensive care experts are present on a 24/7 basis. Obstetricians and specialists for image-based diagnostics are on call constantly.

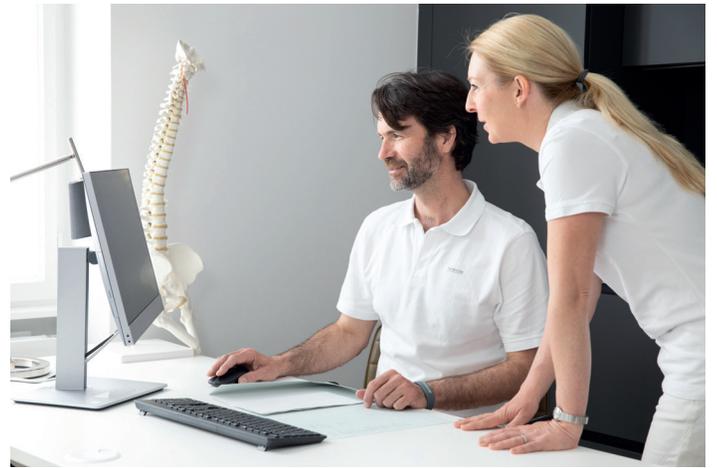

RUDOLFINERHAUS PRIVATE HOSPITAL

VIENNA'S LEADING PRIVATE HOSPITAL

The resident doctors are specialized in emergency medicine.

Most medical specialists come from Vienna's Medical University thus guaranteeing treatment by Austria's foremost physicians.

TRINICUM – CENTRE OF INTEGRATIVE MEDICINE AND PAIN THERAPY

TRINICUM is Austria's largest independent competence center for pain medicine with an urban location at Schwarzenbergplatz 6, Vienna. TRINICUM offers patients an innovative program that enables outpatient rehabilitation as well as intensive medical training therapy and integrative pain therapy individually adapted to their respective needs.

A HOLISTIC APPROACH FOR A BETTER BODY FEELING

„To be able to offer individual pain therapeutic supply up to active independent training“– this was Dr. Malek's goal when he realized his dream and founded Trinicum in 1030 Vienna. In the classicistic Palais Fanto situated in the heart of Vienna, he bundled the knowledge of highly qualified and certified specialists. Their aim was to not only alleviate the symptoms but also develop a training and treatment plan together with the patient in order to eliminate pain and dysfunctions.

COMPREHENSIVE PAIN-MEDICAL CARE

In addition to doctors from the fields of general medicine, internal medicine, physical and rehabilitative medicine, orthopedics and psychosomatic medicine, physiotherapists, sports scientists, nutritionists and special health trainers work on the individual therapy programs of patients. Many doctors and therapists have additional qualifications (e.g. acupuncture or osteopathy) in order to implement the integrated treatment concept individually according to the diagnosis. To achieve this goal TRINICUM offers not only comprehensive specialist treatment but also innovative medical training in pain therapy and prophylaxis.

PREVENTIVE AND SUSTAINABLE

TRINICUM provides comprehensive care to patients in general medicine, internal medicine, nutrition medicine and has an innovative and life like prevention offer.

SERVICES OF GRAND MED VIENNA

GRAND MED VIENNA stands for best care and support for our guests. That is why we offer several services, which will make your entire stay as comfortable as possible.

PREFERENTIAL APPOINTMENTS

GRAND MED VIENNA is treated preferentially when it comes to appointments with the specialists.

24 HOURS RECEPTION SERVICE

The Reception at the Grand Hotel Wien is available 24 hours a day and can help with any request you may have.

24 HOURS MEDICAL SERVICES

In case of emergency, we can contact the medical services anytime.

LIMOUSINE SERVICE

On request, we are happy to organise a limousine service for you. If you wish to be picked up from the airport or need to go to various appointments, a skilled driver will take you to the destination of your choice in a Mercedes limousine.

TRANSLATION SERVICE

If you require translation service, we can organise an interpreter for you, who can accompany you to all appointments.

MEDICAMENT SERVICE

The International Pharmacy is in walking distance. If you need medicaments, we can organise the pick-up for you.

SPECIAL DIET FOOD

If you are on a special diet, we can organise a special cook, who can prepare the dishes e.g. in the kitchen of your suite. The restaurants at the hotel are also prepared for special requirements.

PERSONAL TRAINING

On request, we are happy to organise a personal trainer for you, who can either train with you at the fitness area of Grand SPA N° 605 or outside the hotel.

PERSONAL FITTING

On request, we are happy to organise a Personal Fitter, who will come to your room or suite and clothe you according to your preferences.

BUTLER SERVICE

On request, we are happy to organise your personal butler for the time of your stay.

STAYING AT THE GRAND HOTEL WIEN

The legendary Grand Hotel Wien on Vienna's elegant Ringstrasse is celebrating 150 years of glorious history in 2020. It has been counted among the most luxurious hotels in the whole of Europe ever since it opened in 1870.

The Grand Hotel Wien has 205 luxurious rooms and suites, guaranteeing the finest in comfort and a genuine warmth and hospitality, in dignified surroundings combined with the very latest in modern technical facilities.

In matters of cuisine, the Grand Hotel Wien is exceptional. Four restaurants and two bars are among the best in the city and have been honoured with numerous awards. The gourmet restaurant "Le Ciel by Toni Mörwald" has repeatedly won a star from the Guide Michelin. One of the leading Japanese restaurants in Austria, the "UNKAI", honoured with two toques and 13,5 points by Gault Millau, offers traditional Japanese food. On the ground floor of the Grand Hotel Wien, at the "UNKAI Bar & Sushi", excellent sushi creations await the guests in an easy, relaxed atmosphere and in summer with its own terrace. The Grand Brasserie in the "bel étage" of the establishment offers typical Austrian specialities.

An oasis of wellness in the midst of the city awaits the guests in the Grand Spa N° 605 on the sixth floor of the Grand Hotel Wien. The spa offers sauna, Turkish bath, a separate ladies sauna, an elegant relaxation area, a cardio section with the very latest in training facilities and one of the most extensive cosmetic and massage services on offer in Vienna.
